GLOBAL IMPACT · MEDIA AUTHORITY · INDUSTRY ECOSYSTEM

HKAIIFF

Hong Kong AI International Film Festival

Based in Hong Kong, HKAIIFF connects international evaluation, creator discovery, industry services and public communications for AI-native cinema.

Hong Kong combines international finance, legal services, cross-cultural communications and a mature film-industry foundation. This enables HKAIIFF to establish a shared industry language across Asian, European and North American markets. The annual festival is the public high point; the year-round ecosystem connects talent, works, rights and market demand.
